# WELCOME...

...to Nolte Möbel – a name synonymous with fine bedroom furniture for the home for fifty years in the UK and Ireland.

Simplicity offers you our most popular combinations and finishes which have been honed to make choosing your perfect bedroom as simple as possible.

Your retailer will guide you through all the choices available to create your perfect bedroom.

Our prices include professional home delivery and installation. Speak to your retailer for terms and conditions.

Our furniture is backed by a 5 year guarantee for peace of mind.

**Simplicity**  
nolte MÖBEL

**5** YEAR  
GUARANTEE

The wardrobe perfectly tailored to your home.  
Good ideas fit into your home, not the other way round.  
The door shuts out the stress of daily life -  
but remains wide open for pleasure and relaxation.

## PRODUCT INFORMATION

- Where timbers are mentioned (Sonoma oak etc.), the term refers only to the colour of the finish. The reproduction of finishes in this catalogue is for guidance only. Your retailer has finish samples for viewing. Please note there can be shade variations in finish depending on materials used.
- Wardrobe back panels are designed to flex to allow for settlement.
- All sizes are metric in centimetres and are to working tolerances of plus or minus 5mm. All wardrobe depths include front pelmet overhang.
- All wall mounted accessories are supplied with fittings for solid walls only. Please consult a hardware specialist for fittings for other wall types.
- Our wardrobes are designed to be mounted to the wall. Wall fixing brackets are supplied for customer's own use.
- All optional exterior lights and light pelmets are supplied with a push button floor switch. Please consult a qualified electrician if you wish to wall mount this switch.
- Models with low voltage halogen lights incorporate a transformer which can give a slight buzzing noise when in use.
- Handle choices are specific only to the ranges where shown and to the handle type shown.
- The fascia plinths of all sliding door wardrobe bases are produced in the wardrobe interior finish.
- Whilst every care is taken to ensure the accuracy of this brochure, we cannot accept liability for any mistake that may occur and reserve the right to amend prices/specifications without prior notification. E. & O.E.

## ORDERING PROCEDURES

- Orders, together with any later amendments, must be made through your appointed retail stockist. Orders cannot be placed direct. These must be in writing or via email. Verbal amendments cannot be accepted.
- Ensure the correct range and model codes are quoted from this brochure. Orders are processed from model codes only, and not from any description or comment. Please ensure you specify your handle and trim choice. Please check sizes in all the area the furniture is to be sited, as walls, ceilings and floors are often not straight.
- If you have any doubts about your order, please consult your retailer and make a room plan for checking.
- For home delivery and installation, please give your full postal address, email address and home/work/mobile phone numbers even if it is ex-directory. This is purely required to assist in the delivery of your order and is not retained for any future use. If the delivery address is a new property please give directions and the builders/developers name. If you live in a flat, please advise which floor and if there are usable lift facilities. If you are in the process of moving home, please advise both your contact and delivery addresses.
- Delivery time is 8 to 10 working weeks from our processing date of your order but may extend at holiday times or periods of high demand. Delivery to remote addresses or delivery restrictions such as van size, access or your availability may extend the delivery time. If a later delivery is required, please advise your retailer at time of order as our distribution centre cannot hold orders for more than 28 days after the initial delivery date given. After that time, we reserve the right to allocate the items to other orders where possible and if not to levy a weekly storage charge at the rate of £30 per week.
- An order acknowledgment will be sent to your retailer to check the order is to your requirements. Any amendments must be made through your retailer.
- All furniture is made to order and therefore we reserve the right to make a charge if the order is cancelled 10 days after the order acknowledgment date. Please consult your retailer for further details.

## DELIVERY INFORMATION

- Our home delivery and installation service is made via experienced furniture logistics companies who are highly trained in installing Nolte products. Please advise if they will have difficulty gaining access to or parking at your delivery address. Low bridges, overhanging trees and parked cars are the most common problem, together with yellow lines or London Red Routes. We cannot accept liability for any indentation or sinking to driveways caused by our vehicles. If you have any doubt about the stability of your driveway, please advise us in writing so a clear instruction not to use your driveway can be given in advance to our installers. Please ensure access to your home is clear and clean.
- Please check your internal access to the room where the furniture is to be sited. Narrow or spiral staircases and lower ceilings may prevent access for large items particularly wide sliding doors, bed slats and overbed side tower sections. Please remove any items such as wall mirrors, pictures or lampshades that protrude or may impede access within your home and protect your floor/floor covering as we cannot accept responsibility for any damage caused to your possessions whilst delivery is taking place. Ensure young children are away from the working area. For Health and Safety reasons our installers can only deliver via normal doorways and stairways and cannot remove their footwear.
- The furniture is freestanding and is assembled in your home, not fitted. Any removal or re-siting of radiators, light switches or power points etc. must be done prior to delivery. All existing furniture should be removed before delivery so as to allow a clear working area for our installers.
- Removal of skirting boards or picture rails etc. to enable the furniture to be flush to the wall is beneficial, but first check that the floor and wall form a true right angle as if they do not, the furniture will not be flush. If you do decide to remove your skirting board prior to delivery, it is recommended you remove the entire length and cut/refit around the furniture after delivery.
- The furniture can be assembled on either a bare or covered floor. If on carpet, it is recommended you remove any 'smooth edge' grip rods as they will affect the levelling of the furniture. There is a minimum of 20mm clearance between the door bottom and carcass bottom on all wardrobes. Please take this into account when considering both carpet thickness and whether to have carpet under the robes. Thick pile carpets fitted up to the wardrobe doors may stop doors opening and so in these circumstances, the wardrobes should stand on the carpet.
- Uneven floors may cause the furniture to be out of alignment necessitating the use of packing wedges to level the furniture. Whilst reasonable effort is made to level units, this cannot be guaranteed on uneven floors.
- Where uneven floors may affect the stability of the furniture our policy is to pack units to lean back slightly to the wall.
- Where floors are extremely uneven, it is advisable to have a joiner construct a level platform as our installers will not assemble units if they consider an uneven floor may make the units unstable. Wall fixing brackets for wardrobe and chests will be left for customers own use, we recommend these are used to secure the furniture to the walls.
- Any furniture that includes electric lighting or power sockets is supplied ready to connect to your mains supply. Our installers are not electricians and cannot undertake to do any electrical work.

## DELIVERY

- Delivery planning commences 1-2 weeks in advance on receipt of production schedules from our factory in Germany. You will receive a call from one of our highly trained and experienced furniture logistics partners to arrange delivery and installation of your new Nolte furniture. If you have the need to postpone the delivery date offered, please appreciate that your delivery has to be re-planned together with other customers in your area, and therefore, may be four to five weeks later. Additional charges will apply for cancellations with less than 5 working days.
- All deliveries are made Monday to Friday from depots throughout the UK and Ireland. Accordingly, whilst there are no set days for delivery in any area of the country, geographical restrictions and driving time regulations prevent delivery being made in distant areas on Mondays and Fridays.
- For guidance the delivery and assembly time for a 2-metre width wardrobe is about one hour.
- We reserve the right to make abortive delivery charges where incorrect or incomplete information has been supplied, where wrong items have been ordered or when delivery postponement is not preceded by 5 working days' notice. Charges will always be made for 240cm high wardrobes that do not fit. Please consult your retailer for further details.
- Replacement of defective or missing items will normally be made in 6/8 working weeks. Our policy is always to replace any item not to our normal manufacturing standards rather than make financial allowances.
- On completion of your home installation you will be asked to inspect and sign our delivery note. Please note any damages to product and/or property must be reported and noted on the delivery note, please retain your copy of the delivery note for future reference. Claims for damages cannot be accepted once the installation team has left the property.
- In the event of any service requirement arising after delivery, please contact your retailer who will submit a report to our office. We may ask your retailer to inspect the furniture before we can arrange a remedial call.

## CARE OF YOUR FURNITURE

- Once your furniture including bedframes has been assembled it must not be moved without being disassembled.
- Clean all surfaces including mirrors only with a slightly damp cool cloth. Household cleaners and polishes including those for mirrors should not be used as some can cause damage to the furniture.
- Protect surfaces from spillage of drinks, cosmetics, cleaners etc. Glass, cut to size is recommended to protect surfaces if such a risk is likely to occur.
- Levelling/Settlement. Due to the nature of all wardrobes further levelling may be required after a period of use. Please do not force uneven doors, this may negate your warranty. Our installation partners can re-level your units for a nominal charge. Please contact your retailer for further information.
- Individual LEDs cannot be replaced, only complete units.
