

# Key West

Dining, Living & Home Office Collection

A contemporary collection crafted from reclaimed timber to make a life-style statement in any home, the Key West collection is as stunning, as it is sustainable. Marked by time, this reclaimed wooden furniture retains certain imperfections... This is only to be expected and is what gives these pieces their great charm and value. Combining a natural rustic finish, complemented by eye-catching black satin metal frameworks, the Key West collection has an on-trend industrial look that makes this stylish range of furniture a great choice in a contemporary setting or in a country abode.
